

1. Internet

- AT&T Internet Accounts are being reviewed for the Housing Authority's external sites to take advantage of price decreases and speed increases.

2. Security Cameras

- The security Cameras have been installed and are operational. The cameras provide 24 hr. viewing options and recording when motion detectors are activated.

3. I-Affordable YARDI Software Module Implementation

- The Housing Authority is researching the upgrade options/plans for Yardi Voyager 7 and will report further information in the coming month.
- The Housing Authority is also researching Yardi Mobile Inspections for Uniform Physical Conditions Standards (UPCS) Inspections and Mobile Work Orders
