

- **Yardi Rent Cafe**

- The Agency is working to transition to Rent Café for Online Rent Payments in order to streamline processing.

- **Kansas House**

- Security Camera installation is currently underway, once the installation is complete the Agency will work with the Modesto Police Department to enable live monitoring of the system.
- Satellite cable for each resident has been approved and a site survey for installation is schedule for the week of June 8th

- **Phone System Upgrade**

- The Agency is working to upgrade the phone system to one that will allow for complete workplace flexibility, continuity, and autonomous access.
  - i. This new system will allow for software-based phones that can be installed and utilized from a laptop, desktop, smartphone, or tablet.
  - ii. In addition, all faxing will be done electronically as well and will be configured to be email enabled to the appropriate departments/groups.

- **Maintenance Tablet Upgrades**

- The Agency is deploying new tablets to Maintenance Staff which will allow for remote connectivity outside of the normal workplace sites
  - i. This will allow for mobile workorders to be downloaded, uploaded, and updated in real-time
  - ii. These new tablets will also allow Maintenance Staff to participate in Video Conference Meetings from the field.
