

- **Buena Vista Site - Update**

- New computers, tablets, phones and peripherals were configured for the staff members at Buena Vista. On-site staff were trained in mobile work orders, move-out inspections, and Yardi management of units & tenants.

- **New Website, Intranet, and Email Domain**

- The Agency's new website, intranet, and email domain stanregionalha.org was launched April 1, 2022.
- As new messages are generated the old email domain will be phased out externally, but remains 100% intact.
- The old sites are forwarding to the new ones, and staff worked diligently to update content for the new sites.

- **Mail Content Filter**

- A new email content filter was put in place in order to provide staff with a regular quarantine digest making it possible to release messages quickly and easily.

- **Yardi**

- Yardi has been contacted in order for the Agency to implement the second phase of Rent Café, online re-exams. This project will ultimately allow for clients to submit documents and update information that eligibility workers require via an online portal.
- Additional Units have been entered into the iAffordable Module in order to track data more efficiently and manage them utilizing the tools available to Staff.

- **Maintenance Phone Upgrades**

- Maintenance Staff will be receiving new smart phones in addition to tablets. This will allow coverage through 2 separate carriers and also utilize online apps in a more efficient manner.
